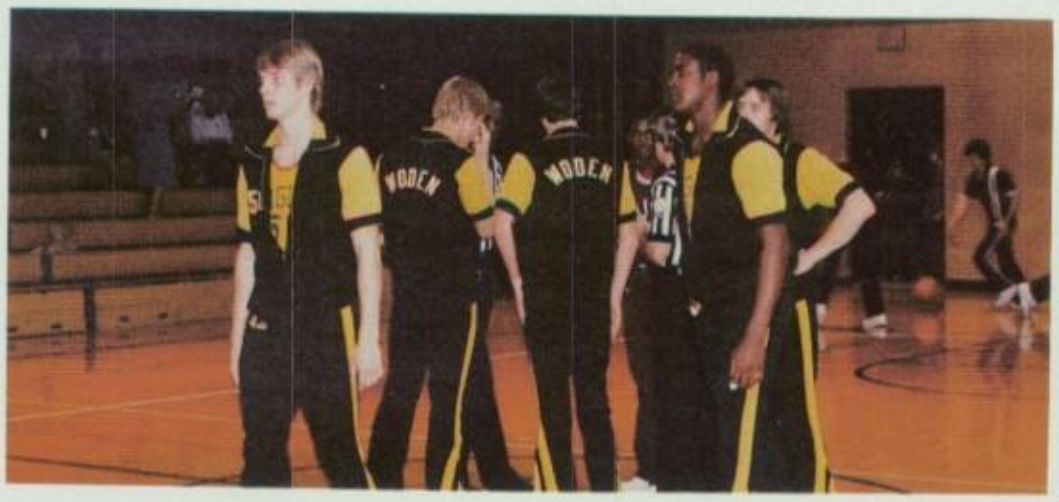
DREAMING 1983

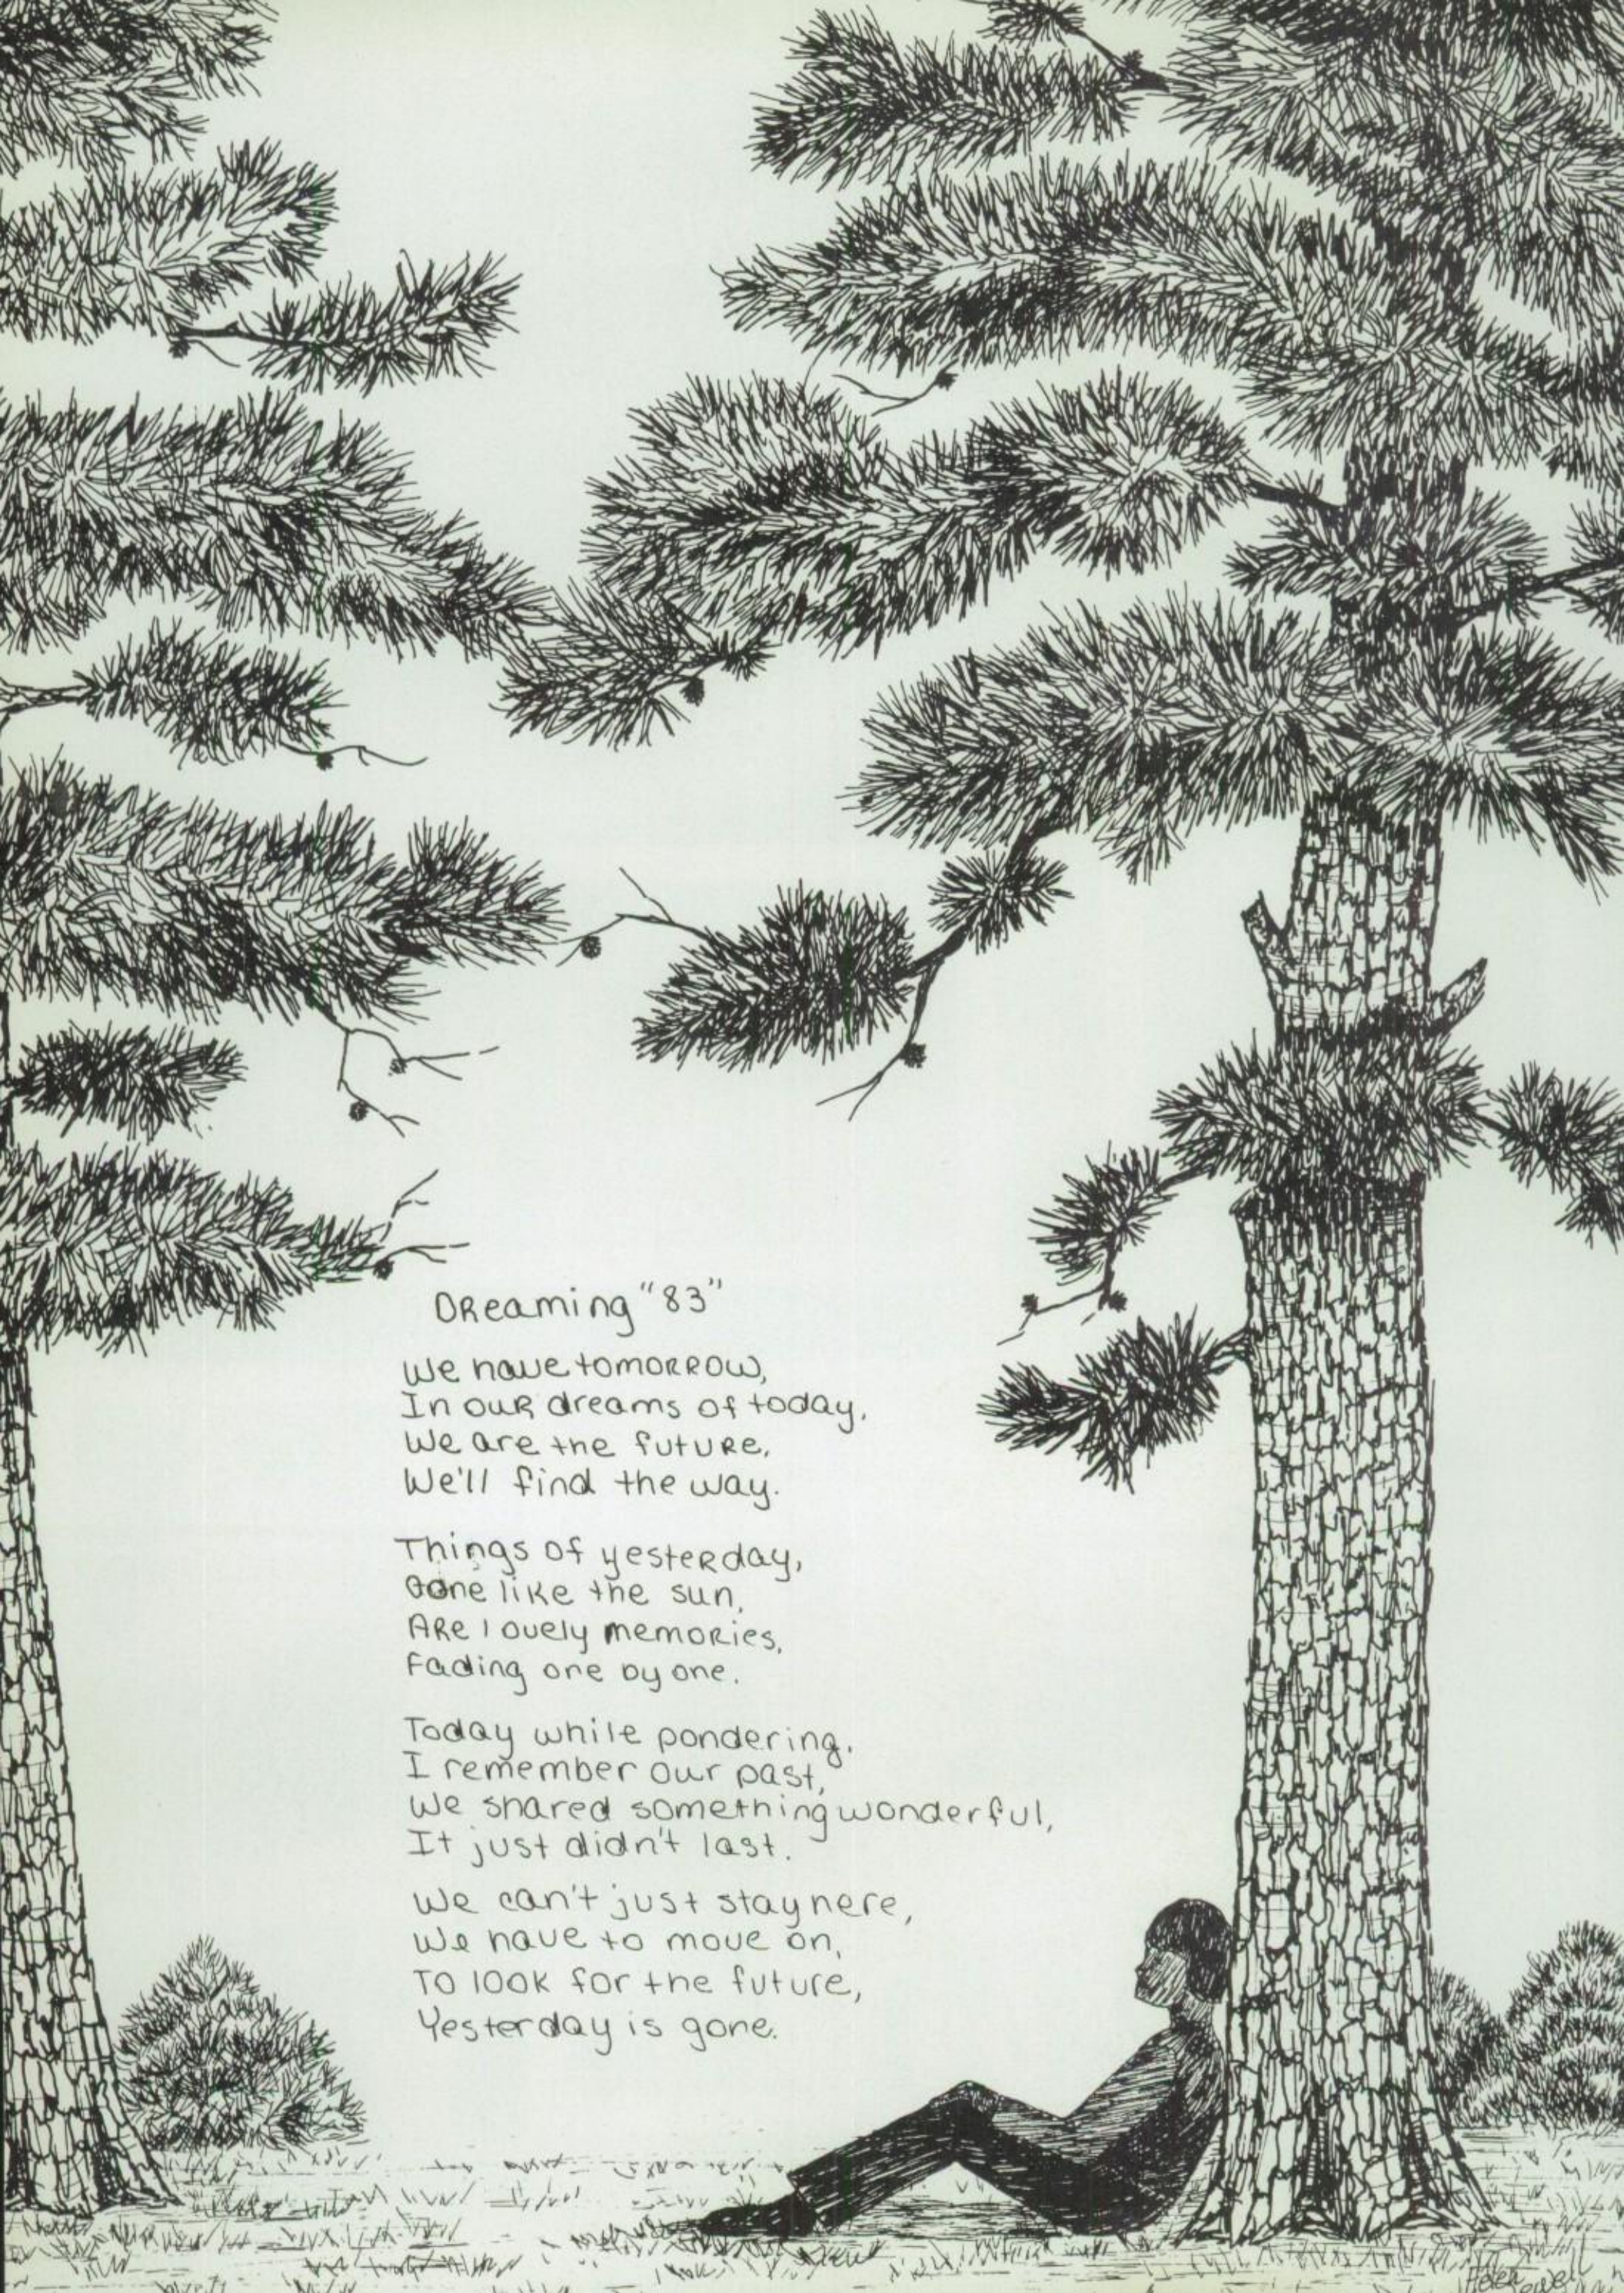
Woden High

Woden, Texas
75978

The 1982-83 year at WHS started at a leisurely pace. However, the Harvest Festival in October picked up the pace and had the rest of the year flying by.

Competition ran high this year. It would have been hard to find a student at WHS who was not competing for something. Winning was on everyone's mind, whether it was winning Harvest Festival Queen or the Spirit Yell; winning a basketball game or winning someone's heart. No victory was considered beyond our reach.





Dreaming "83"

We have tomorrow,
In our dreams of today.
We are the future,
We'll find the way.

Things of yesterday,
Gone like the sun,
Are lovely memories,
Fading one by one.

Today while pondering,
I remember our past,
We shared something wonderful,
It just didn't last.

We can't just stay here,
We have to move on,
To look for the future,
Yesterday is gone.

Straight from Caesar's Palace the Internationally famous Woden survivors.

The final week of Harvest Festival finds Woden classes rivalries for Harvest Queen. Classes compete to earn money and the class with the most money produces the New Queen. Activities were: The Seniors Jail and teh Juniors Football game. The excitement builds until the final nights entertainment.

Harvest Festival Activities show Woden's true personality.

Junior Class change's roles? Check out them females.

If I were organized I'd be dangerous.

I'm so far behind, "I'm first!"

The Harvest Festival often brings out the true personality of Woden's Student Body and Faculty. You never know the true personality of your best friend until rivalry is in the air. As it is during our Harvest Festival.

I'm more together than I look.

Anything goes.

Yeah I'm Bad.
